August 2008 Activities:

1. I still have not finished updating the meeting list for the remote communities' areas. I will try again this month.
2. Last month, after Mike's visit from the Seligman group, on August 14, 2008, five of us ladies took a meeting out to Seligman to help support their group. What a warm reception we received and the fellowship on the way to the meeting and the way back was INCREDIBLE!! (Meeting before the meeting and meeting after the meeting) Thank you to the ladies who volunteered their sweet and precious time to come do this meeting. We also took a huge donated pile of Grapevine magazines and were accepted graciously. Thank you to the folks who donated the Grapevine magazines.
3. Got a call from Sonya (9/8/2008); she's the gal who used to chair Friday Tuba City Meeting, she's in a long term Tx program in Tucson and does not know who is chairing if anyone on Friday night.
4. Sent an email in August to see about a meeting in Leupp, AZ. Still no meeting there.
5. Any ideas, on what/where our next RC adventure could be?
6. Going camping @ Hopi, Pollaca, AZ this weekend September 12-14, 2008: could be opportunities to network, collaborate reference RC.
7. That's all the news for now, fam. Thank you for letting me be of service ☺
